Day

Arrival

La Cantina

Fancourt

From the moment you arrive at Fancourt you will experience the warm hospitality South Africa is so famous for. You arrive as a guest, but you will depart as family. We recommend dinner at La Cantina and pre-book a table on the terrace if the weather permits, it will be the perfect way to start your golf break.

Montagu

Cango Wildlife

Monet

Fancourt

Montagu, one of the three Gary Player designs. Montagu is the favorite because it plays the easiest. Then a short drive to Cango Wildlife Ranch for an interactive and educational experience that will change your life. For the brave there are two bucket list items: pet a cheetah & swim with a crocodile. For dinner we recommend the bistro style meals at Monet at Fancourt. And their G&T's are magnifique!

Outeniqua

Botlierskop

Henry White

Fancourt

Outeniqua is the most photographed of the three courses and today you should book a caddie so you can take some photos too. The manicured fairways and mountain as a backdrop is the perfect setting for an epic shot. Then a Big 5 Game Drive, a must in South Africa. Get up close and see these magnificent animals in their natural habitat. Dress up for dinner at Henry White's; a fine dining restaurant with an extensive and exclusive wine list.

The Links

Depart

The Links... #1 in South Africa... And by far the most popular course to play. It is very exclusive and not available to the public. Only hotel guests may get a tee time and these are limited as well. The lucky few who do get to play The Links all have one thing to say: It's tough, but epic! So don't miss out before you depart from Fancourt.
